

## HINDOO DEFEATED AT LAST.

THE SURPRISE OF THE SEASON OCCURS AT SHEEPSHEAD BAY.

A Day that Opened Calmly Turning Into Intense Excitement—Remarkable Time in Hurling Heat—Upsetting Bookmakers.

An event occurred at the Coney Island Jockey Club's races yesterday such as only happens on the turf once in a while. It was the unexpected and utter defeat of a champion Hindoo horse at a race of a mile and a half, which had been predicted by the bookmakers at a price of 100 to 1. The Hindoo, a two-year-old, had been the favorite at the race, and had been predicted by the bookmakers at a price of 100 to 1. ## THE WALL STREET CORNER.

HANIBAL AND ST. JOSEPH SOARING YESTERDAY AT TWO HUNDRED.

Few Facts Concerning the Deal, but Many Rumors—Stories about Mr. Keene—Some Signs of a Settlement—A Veteran's Opinion.

The corner in Hanibal and St. Jo. common stock remained unbroken yesterday. The market was made and another threat was indicated something of the tactics of the two combinations, and the course of the stock in the Exchange also was significant.

The opening price was 135 for 100 shares sold in the regular way. The next sale was at 150. Then the price was run up at a single jump to 160 and another bid was put at 165. At this point sales in the regular way for delivering and payment the day after the transaction closed. The holders of the stock demanded cash down. After a couple of leaps of 5 per cent, each to 175, the stock vaulted to 200, and the wild price that the bull clique had said it would reach was reached.

At that price 1,200 shares changed hands. The next news that came over the ticker was 180 bid and 200 asked for St. Jo. A few moments later some wandering brokers appeared to have struck a compromise at 190. The decline was the occasion of a report that some of the bears had sold. The transactions in the latter part of the day were few, which might be interpreted to mean that negotiations for a settlement had been opened. The stock closed at 150 bid and 200 asked, which figures, taken in connection with some of the stories about the deal, looked as though the bear clique had gathered courage from the fact that the market had not broken down.

## THE METHODIST ECCLESIASTICAL.

Bishop Simpson Delivering the Opening Sermon—A Large Attendance.

LONDON, Sept. 7.—The Wesleyan Ecclesiastical Council, which opened here to-day, has decided to devote the night to a service for the people of the State of Methodism in various countries. Thus a night will be devoted to America and a night to Australia, some of the best speakers from the countries named addressing the meetings on those occasions. The Presidents for the first four days of the Council will be: Bishop Freeman of the Wesleyan Conference; Bishop Peck of America; Dr. Stacey of the New Connection, and Dr. Douglas of Canada.

There was a large attendance of American and colored delegates at the opening services. The congregation included many ladies. Bishop Freeman, who is in the city, delivered his text from John vi. 63. The sermon was in support of the doctrine of the divine creation of man, and was a powerful and convincing address. The congregation took part of the service in singing and prayer.

On the reassembling of the Council this afternoon, the proceedings were commenced with prayer, special reference being made to the recovery of President Garfield. A resolution of the Council was passed, expressing sympathy for the delegates for Mr. Garfield, who was received with a warm and friendly reception.

Dr. Osborn, in his address of welcome, said the success of the Council was already assured. He said that the Council was the widest sense of the world, had already gained the victory, but he trusted much more would be accomplished.

Bishop McTear, responding to the address of welcome, said that American and English delegates were present, and that the Council would be a blessing to every member of the Christian body. He said he was especially glad to see the delegates from the Wesleyan Conference, and that the Council was a great opportunity for the delegates to meet and to discuss the various questions of the day.

As soon as possible after the President's address, the other opening formalities, the election of officers, and the adoption of resolutions, were completed. The Council then adjourned until to-morrow.
